# AOPA's AIRPORT WATCH

## What is GA SECURE and TSOC?

A toll-free national government hotline (1/866-GA-SECURE, or 1/866-427-3287), has been in operation as part of the Aircraft Owners and Pilots Association's (AOPA's) Airport Watch program.

- Provides a fast, easy means for reporting and acting on information provided by America's 560,000 pilots.
- Staffed 24/7 by the TSA's Transportation Security Operation Center (TSOC).
- Based on the information a pilot gives them about a possible threat, they will contact all the appropriate authorities in that airport's local community, or state and federal law enforcement agencies as needed.

# What to Report:

❖ In all cases involving critical and immediate incidents or threats, contact 9-1-1 local Emergency Dispatch.

- Suspicious activity or type of incident
- Date and time
- Aircraft registration, or “N” number, or airport location
- Physical appearance of suspicious person(s) (gender, height, clothing)
- Other relevant information
